### Let The Voters Decide

Mark Jacoby · 3h ·

I've been saying Michigan is where it's at and it's 100% true! Not only do we have the highest board price in the history of the state, it's about to get even bigger! Our prices are all going up, as you can see! Education and Scholarship have gone up to \$5, Payday has gone up to \$7 and we have 3 more petitions coming out, so we will probably have around \$35 on the board!

It's important to note, that no one can work our \$7 payday initiative (or any of our other 3 coming out) with the SMV (Secure My Vote) initiative. That is a horrible issue being used to block minorities access to vote! You all know I have no problem with any initiative, and we'll put nearly everything on the ballot, unless it affects minorities right to vote. There is no reason that the majority should get to vote on the minority being able to vote, ever! Our other 3 issues coming out will also pay very well, so no one will feel like their missing anything. It's important for people understand that we are serious about this, so I will be putting secret shoppers out to find out if people are working our issues and this awful issue!

The weather is getting much better and we only have until June 1st to get these jobs done, so everybody needs to pitch in and get to work making a bunch of money! We will have jobs coming up in multiple states after Michigan, Missouri & California end.

As of right now, we have two petitions in Washington state that will be shared between Nationwide Ballot Access and LTVD. We are anticipating 1-2 in Colorado and, of course, we will be paying top dollar and bringing

The poster features the LTVD logo at the top, which includes a crest with the letters 'LTVD' and the text 'LIFE TIME VOTER DISCOUNT'. Below the logo, the main title reads 'MICHIGAN PRICE INCREASES' in large, bold, white capital letters. Underneath the title, it says 'EDUCATION/SCHOLARSHIPS/CANIDATE (TUDOR)'. The poster lists four categories with their respective rates: 'Payday Lending - \$7/sig', 'Education - \$5/sig', 'Scholarships - \$5/sig', and 'Statewide Candidate Tudor - \$6/sig'. At the bottom of the poster, it states 'Three More Statewides - Coming Soon'.

### Michigan

Shawn Wilmoth has lost his contract on the minimum wage issue, so we have pretty much every issue in the state and you are free to work the minimum wage petition without having to worry about your money being stolen from you!

Michigan is starting to look like California!!! I've said before, Michigan is definitely the place to be!!! This is the biggest board Michigan has ever seen on statewide issues and the validity is excellent in Michigan! The weather is really good, in the high 60's and low 70's and there's A LOT of money to be made!!

We do want to be 100% clear that if you're turning into any of our offices and you want to carry our petitions, that you can only work with US!

There's a lot of money to be made and as long as you're helping us in one of our states: California, Missouri or Michigan, then Edee and I will be happy to have you in Washington and on the other big, easy work coming up over the next few months!!!

Please call Jackie Wells or Adelina Dee or Kara Owens or David Lynn (989)355-5460 for Saginaw  
Brian Meeter (904) 760-0232 for Grand Rapids
